## Project Planning Phase Project Planning (Milestones & Activity List)

| Date         | 22 October 2022                     |
|--------------|-------------------------------------|
| Team ID      | PNT2022TMID05763                    |
| Project Name | Project - Smart Fashion Recommender |
|              | Application                         |

## Remaining tasks (Milestones & Activities) to be completed

| Milestones                        | Activities                                      | Description   |  |  |
|-----------------------------------|---|---|--|--|
| Project Development Phase         | Delivery of Sprint – 1,2,3,4                    | To develop the code and submit the developed code by testing it   |  |  |
| Setting up App environment        | Create IBM Cloud account                        | Signup for an IBM Cloud account   |  |  |
|                                   | Create flask project                            | Getting started with Flask to create project  |  |  |
|                                   | Install IBM Cloud CLI                           | Install IBM Command Line<br>Interface   |  |  |
|                                   | Docker CLI Installation                         | Installing Docker CLI on laptop   |  |  |
|                                   | Create an account in sendgrid                   | Create an account in sendgrid. Use the service as email integration to our application for sending emails                           |  |  |
| Implementing web Application      | Create UI to interact with Application          | <ul> <li>Create UI</li> <li>Registration page</li> <li>Login page</li> <li>View products page</li> <li>Add products page</li> </ul> |  |  |
|                                   | Create IBM DB2 & connect with python            | Create IBM DB2 service in IBM Cloud and connect with python code with DB  |  |  |
| Integrating sendgrid service      | Sendgrid integration with python                | To send emails form the application we need to integrate the Sendgrid service   |  |  |
| Developing a chatbot              | Building a chatbot and Integrate to application | Build the chatbot and Integrate it to the flask application   |  |  |
| Deployment of App in IBM<br>Cloud | Containerize the App                            | Create a docker image of your application and push it to the IBM container registry   |  |  |

| Upload image to IBM container | Upload the image to IBM       |  |  |
|-------------------------------|-------------------------------|--|--|
| registry                      | container registry            |  |  |
| Deploy in kubernetes cluster  | Once the image is uploaded to |  |  |
|                               | IBM Container registry deploy |  |  |
|                               | the image to IBM Kebernetes   |  |  |
|                               | cluster                       |  |  |

## Finished tasks (Milestones & Activities)

| Milestones              | Activities  | Description   |  |  |
|-------------------------|---|---|--|--|
| Ideation Phase          | Literature Survey                                     | Literature survey on the selected project & information gathering   |  |  |
|                         | Empathy Map   | Prepare Empathy map to capture the user Panis & Gains, prepare list of problem statement  |  |  |
|                         | Ideation  | Organizing the brainstroming session and prioritise the top 3 ideas based on feasibility & Importance                                   |  |  |
| Project Design Phase I  | Proposed Solution                                     | Prepare proposed solution document which includes novelty, feasibility of ideas, business model, social impact, Scalability of solution |  |  |
|                         | Problem Solution Fit                                  | Prepare problem solution fit document   |  |  |
|                         | Solution Architecture                                 | Prepare solution architecture document  |  |  |
| Project Design Phase II | Customer Journey                                      | Prepare customer journey map to understand the user interactions & experience with the application                                      |  |  |
|                         | Functional requirement                                | Prepare functional & non functional requirement document  |  |  |
|                         | Data Flow Diagram  Prepare Data Flow and user stories |   |  |  |

|                        | Technology architecture    | Draw                         | the    | technology |     |
|------------------------|----------------------------|------------------------------|--------|------------|-----|
|                        |                            | architecture diagram         |        |            |     |
| Project Planning Phase | Milestones & Activity list | Prepare                      | milest | ones       | and |
|                        |                            | activity list of the project |        |            |     |
|                        | Sprint Delivery Plan       | Prepare sprint delivery plan |        |            |     |
